

Settlers' Park 50th Birthday

Celebrating Half a Century of Love and Building Strong Foundations

Settle on a strong foundation

At Settlers' Park Pre-Primary our main task is to equip the learner with skills for life in all aspects of development: physical, intellectual, social and emotional. Our aim is to produce happy, friendly, sympathetic, confident, intellectually curious and resourceful human beings.

We maintain our values of sharing, caring, honesty, fairness and mutual respect throughout every aspect of our school environment. Standing by our motto: 'Settle on a strong foundation', we strive to set learners up for success in their future schooling.

We believe in building and maintaining strong relationships with parents, learners and members of staff through regular communication. The progress of learners is closely monitored throughout the academic year.

The Curriculum Assessment Policy Statements (CAPS) curriculum as well as the Independent Schools Association of Southern Africa (ISASA) curriculum is taught to our learners.

Other programmes offered include 'Time to Read' (literacy), 'Number Sense' (numeracy) and the 'Handle with Care' programme (EQ).

The school co-curricular programme includes music and psychomotor lessons for Grade RRR, RR and R learners.

A number of functions, such as 'Mini Comrades', Christmas concerts and Parents' and Grandparents' days are held during the course of the school year.

Extra-curricular activities include Jumping Jacks, Ball Skills, Ballet, Experibuddies and Drum Club. Occupational and Speech Therapy, is also offered on a weekly basis. Play and Psycho-Therapy is available if required.

To keep abreast of current trends in education, teaching staff attend regular professional development courses and workshops. Teaching assistants also attend some meetings.

The principal attends South African Heads of Independent Schools Association (SAHISA) meetings and ISASA meetings.

Settlers' Park 50th Birthday

Celebrating Half a Century of Love and Building Strong Foundations

Settlers' Park Pre-Primary School celebrates 50 years of quality education

Settlers' Park was started by a group of concerned parents under the chairmanship of Mr. Walker in 1972. Permission was granted from the congregation of All Saints United Church to use the church facilities as a nursery school. The initial enrollment was 30 children. The school was named All Saints Nursery School and Miss Ann Bell was appointed as supervisor. In 1975, when the Natal Education Department took over control of all nursery schools in the province, the dream of a new school became a reality. A loan from the Pietermaritzburg Corporation enabled the school committee to purchase a suitable piece of land, and building began in mid-1976. The new school was named Settlers' Park Pre-Primary School, and is now situated at 27 Allerton Road, Northern Park. To date, the school has had five supervisors/principals. Miss Ann Bell (1972 to 1976) was the first supervisor, followed by four principals: Mrs. Jackie Chambers (1977 to 1989), Miss Jennifer Clough (1990 to 2007), Mrs. Mary Gray (2008 to 2014) and then Mrs. Ellen Borain (2015 to present date). Longstanding staff members include the

school's secretary, Lyn Kriel, who has served the school for 21 years, and Veronica Ngcobo, who has been keeping the school clean for the last 20 years. Both women have fond memories of the school and have found it rewarding to have been involved in the growth and development of the school, as well as in the successes of many past learners. The school is well equipped both indoors and outdoors. Currently, there are seven interactive and child-friendly classrooms, which provide ample indoor space for the learners. A wonderful garden environment complements the indoor facilities and learners have fun exploring, growing and learning in their first-time schooling experience. The two youngest classes have their own secure, well-equipped playground. The school offers an aftercare facility for children of working parents. This home away from home is managed by caring, committed staff members. Settlers' Park accepts learners from the age of one year up to six years (Grade R). Parents may visit the school provided prior arrangements are made. Prospective parents are welcome on 'Welcome Wednesdays' from 9 am to 10 am.
